

ProAV universal video wall mount TH-VWV, TH-VWP-100, TH-VWP-160

Modular, Interchangeable, Upgradeable

The Telehook ProAV universal video wall mounting system is an industry leading modular, interchangeable and upgradeable product range that supports a wide variety of video wall configurations; from a modest 2x2 configuration all the way up to 12x12 and beyond. Its universal display mounting head allows for previously unachievable compatibility with modern video panels. The ProAV range is designed with the needs of public environments and installers in mind; integrating high security features throughout to ensure display security whilst also maintaining ease of installation via the use of clever time saving and safe installation features.

 **Mounting hole pattern:**
From 200mm to 400mm high
Unlimited width

 **Maximum weight carrying capacity:**
165kg (363lbs) per mounting bracket

Product key features:

- Modular design gives you the freedom to expand your set up as necessary
- Clever installation features
- Simple hook on installation system

Interconnecting wall plates provide alignment assistance to installers

Ultra slim design sits just 44.5mm (1.75") from the wall

+/- 5° of independent horizontal adjustment for fine adjustment
