ThinkPad L15 Gen 4 (Intel)

Thinner and lighter than its predecessors, this ThinkPad is perfectly suited to take on varied workloads, be it day-to-day data management or audio/video streaming. Powered by 13th Gen Intel Core U/P Series processors, and with up to 2TB SSD storage it combines productivity with performance in a sleek form factor. The 15.6" FHD anti-glare display ensures a comfortable working experience for professionals while expanded WWAN connectivity delivers blazing-fast Gigabit internet speed, anywhere.
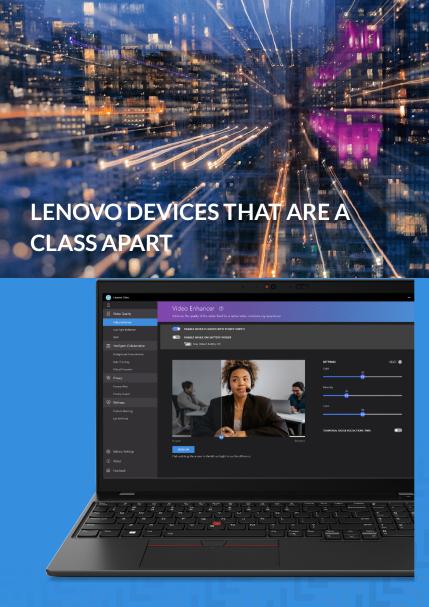

LENOVO DEVICES THAT ARE A CLASS APART

The mid-range ThinkPad L Series offers enterprise docking, enhanced security features and optional remote management capabilities.

REASONS TO BUY

Hybrid professionals will appreciate the USB-C, HDMI and Thunderbolt 4 ports enabling quick transfer of design files and complex spreadsheets, and connection to external monitors. Additionally, camera privacy shutter and optional smart card reader enhances data security.

With the use of PCC recycled materials in the cover and internal components, plus plastic-free packaging with 90% recycled content, the device keeps sustainability at its forefront.

With fewer pre-installed applications, battery life and device responsiveness is quicker. At the same time IT administrators can now deploy devices faster.
