

LENOVO DEVICES THAT ARE A CLASS APART

Lenovo 500w Yoga Gen 4

Smarter technology for all

For professionals who demand high-performance computing, a laptop powered by Intel N100 or N200 processor can be considered. With a 360° hinge, this flexible convertible can be used in the tablet, tent, or stand mode – perfect for reading or writing on the go. The security features include a camera privacy shutter for protecting user privacy while the discrete TPM 2.0 chipset and Kensington NanoSaver lock slot prevents data from theft and encryption.

REASONS TO BUY

Scroll through spreadsheets and detailed documents with a fingertip, thanks to the multi-touch glossy touchscreen. Plus, with an optional Lenovo Integrated Pen, you can take notes, draw analysis, and navigate into the data with ease.

With a battery that lasts up to 11.3 hours, this laptop enables users to work an entire day outdoors, whether traveling for work or visiting project sites.

With up to 11.3-hours of battery life users can work from anywhere without any hassle.

Lenovo Mini Series offers smaller notebooks for users with basic computing needs like email and web browsing.
