

PRO1328 STEREO AUDIO POWER AMPLIFIER

Brand:	PRO2
Model:	PRO1328
Code:	01458301
Warranty:	12 months
Brand:	PRO2
Model:	PRO1328WP
Code:	01458303
Warranty:	12 months

6.3mm Dynamic Microphone and 3.5mm Stereo line inputs makes this unit incredibly versatile

Use the PRO1328 to power in-ceiling speakers with the audio output from any source device such as computers, DVD players, TVs and even Microphones. Alternatively the PRO1328 is perfect for shop display installations, where basic audio amplification and compact size is required.

If your Flat Screen TV's built-in speaker output is below par, the PRO1328 can provide an elegant solution to add you own passive speakers for clearer and more powerful listening!

With the ability to switch from line-level to dynamic microphone input, the PRO1328 can be used to give your shop displays and demonstrations more reach!

Specifications

- Inputs: Dynamic microphone or stereo audio line level
- Microphone pre-Amplifier gain: 40dB
- Power Amplifier Type: Stereo Class-D
- 15W(rms) per channel (@ RL=4 ohm)
- THD+N: 0.06 % (@ RL=8 ohm, f = 1 kHz)
- Minimum Load Resistance: 4 ohm
- Includes Speaker Protection circuit.
- Power Source: 12 VDC / 2A

Wall plate model also available!
